The contribution of Jewellery manufacturing segment to the total standalone turnover of the Company was 90.11% during the FY 2016-17 and residual portion was contributed by investment activity.

Business Segment:- Gold, silver Jewellery and diamonds

INDUSTRY STRUCTURE AND DEVELOPMENTS:

India is one of the largest exporters of gems and jewellery and the industry is considered to play a vital role in the Indian economy as it contributes a major chunk to the total foreign reserves of the country and also one of the fastest growing industries in the country, contributing around 6-7 per cent of the country's GDP. It is extremely export oriented and labour intensive.

During the Financial Year 2016-2017 the gems & jewellery sector has witnessed an approx. growth of 11.81 per cent amounting to total export of approx. US\$43156.21 million during April 2016-March 2017. Last year the total export was US\$ 39,980.63 million. Export of cut and polished diamonds increased from USD 19996.06 million in 2015-16 to approx.. USD 22783.81 million in 2016-17 an increase of 13.94 per cent. OPPORTUNITIES:

In the coming years, growth in Gems and Jewellery sector would be largely contributed by the development of large retailers/brands. Also, the relaxation of restrictions of gold import is likely to provide a fillip to the industry. The improvement in availability along with the reintroduction of low cost gold metal loans and likely stabilisation of gold prices at lower levels is expected to drive volume growth for jewellers over short to medium term. The demand for jewellery is expected to be significantly supported by the recent positive developments in the industry.

The Company looking for a new ventures and use improved technology for increasing its sales to satisfy the requirement of its customers.

THREATS:

The Company is exposed to risk in exchange rate fluctuations as the Company is dependent on exports sales. However, the Company closely monitors and takes appropriate steps to reduce such risks.

Competition which has always been a challenge is countered by better quality and designs, branding, catering to changing customer demands/styles and cost control measures. Increasing prices of raw materials have affected and can affect the profit margins. However, the Company continuously thrives for improved production efficiency to counter this risk as far as possible.

RISKS AND CONCERNS:

The nature of the Company's business exposes it to several inherent risks and concerns. The Company strives to closely monitor the risks and to mitigate them by adopting suitable, pragmatic strategies.

a) Bullion Risk:

The volatility in the gold prices exposes the Company to bullion risk as gold forms approximately 30% of the cost of the finished product. The Company hedges its outstanding position mitigating the risk associated with the volatility in the gold prices.

b) Raw Material Supplies Risk:

Though India plays a dominant role in the Gems & Jewellery industry in terms of processing and consumption, mining of gold and diamond is amongst the lowest in the world.

India imports gold and rough diamonds along with other precious metals.

c) Currency Risk:

Currency risk arises from exposure to foreign currencies and the volatility associated therewith. 100% of our exports have been transacted in US Dollars. While the Company hedges majority of its receivables, any sharp fluctuation in currency is likely to affect the cash flow of the Company as well as its profitability.

d) Geography Risk:

Dependence on any geographic location makes the Company's business in that region vulnerable to the economic slowdown therein. While USA continues to be our prime export destination.

OUTLOOK:

The global economic environment in 2016-17 remained favorable with total growth in export of 11.81 per cent as compared to previous year 2015-16. Looking at the growth in export of gold jewellery and cut and polished diamonds. There are signs of improving consumer confidence and major policy changes in some of the developed markets which may provide the required momentum to spurt global growth and kick start the parth of recovery. However we expect to grow exports this year as the US market has started looking up. China would have bottomed out and smaller markets like CIS and Asian countries also should do well.

We are focusing on refining our offerings every year and on making the requisite investments that will enable us to continue our growth journey.

INTERNAL CONTROL AND ITS ADEQUACY:

The Company has proper and adequate systems of internal controls in order to ensure that all assets are safeguarded against loss from unauthorised use or disposition and that all transactions are authorised, recorded and reported correctly. ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

REFERRED TO IN PARAGRAPH 1(F) OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF GOLDIAM INTERNATIONAL LIMITED:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Goldiam International Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, We have audited the internal financial controls over financial reporting of Goldiam International Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that We comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation

of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, and its associate companies which are companies incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively

as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
