26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Employees Health & Safety	Risk	Direct Potential impact on Company's operations, employees and communities at large. Effective H&S performance also assists in attracting and retaining quality talent. This can also lead to decreased Productivity.	We have effective health and safety practices deployed. Several efforts and initiatives have been put in place to ensure employee health and safety.	Negative – Any cost put towards employee health and safety will yield positive results in the long term.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2.	Labour Practices	Risk	Changing regulations around labour practices pose as a challenge.	We have put in substantial effort to ensure that we comply with all requirements of labour law and do beyond it as well.	Negative – Workplace incidents related to employee's health and safety can result in litigation and plant shutdown, impact reputation and attract fines from the regulator.
3.	Product Quality & safety	Opportunity	In the jewellery industry, a company's reputation hinges on the quality and safety of its products. To uphold their reputation, Our Company takes measures to ensure that their products meet high standards of quality and safety. This, in turn, fosters customer loyalty and helps to build a positive image.	-	Positive - By ensuring product quality and safety, Our Company can generate higher sales and revenue, decrease costs, and unlock opportunities for market expansion.
4.	Regulatory Compliance	Risk	Failure to comply with relevant laws and regulations may lead to adverse impact on brand image, legal & financial penalties, loss of market access	We have defined the roles and responsibilities in all the functions and departments of the Company and they conform to meet all the regulatory compliances under applicable regulations.	Negative - Increased operational costs with increased cost of compliance.
5.	Water Management	Risk	Water is becoming increasingly a scarce resource especially in India where the seasonal rainfalls are the primary source of water. Poor water management will lead to stress for the operations and employee well-being.	Adhering to the existing water management regulations and establishing goals for reducing water. Furthermore, continuously discovering and implementing better ways to measure and reduce water usage. Through various technologies and behaviour change within the workforce.	Negative -Risk
6.	Access and Affordability	Risk	In the jewellery industry, it is crucial for companies to find a delicate equilibrium between providing affordable options and upholding the perceived value of their products and services. Additionally, they must consider the enduring consequences of their pricing strategy and refrain from engaging in a race to the bottom.	Our Company has implemented measures to minimize potential risks by expanding their reach through the online platforms, capitalizing on economies of scale, and adopting a strategic approach to material procurement to curtail costs and provide affordable options for their customers.	Negative – There is a potential risk of impacting sales as the balance between affordability and maintaining profit margins.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
7.	Customer Satisfaction	Opportunity	Customer satisfaction is an essential component of our business model because it acts as a definitive metric to gauge business performance and brand value. It provides critical insights on customer expectations and provides us with opportunities to ensure high levels of customer service and experience. It enables us to learn more about customer requirements and the standard of products provided to maintain a high level of customer service quality.	-	Positive
8.	Business Ethics	Opportunity	By prioritizing business ethics, our Company shall build trust, attract new customers, enhance its brand image, and increase its credibility with customers and stakeholders. Ethical practices shall have a positive impact on employee engagement.	-	Positive - Increased customer loyalty translates into higher sales, improved customer retention, and ultimately, better financial performance.
