Respected Sir/Madam,

**Sub: Disclosure under Regulation 30 of SEBI (LODR) Regulations, 2015**

Eco-Friendly Diamonds LLP subsidiary of the Company is enhancing lab-grown diamonds capacity by 40% by adding new machineries worth of approximately Rs.10 crores.

Further commercial production of the enhanced capacity will commence from the month of April 2022.

The same is exciting as we have increasingly utilized diamonds grown by this unit in our own jewelry production and successfully started placing the same with our customers, resulting in superior overall EBITDA margins for that segment.

This is for your information and record.

Yours faithfully,  
For **Goldiam International Limited**
